ABOUT MSC

WHAT KIND OF COLLEGE IS MSC?

We have over 50 undergraduate programs preparing students for careers and professions — and for life. Fields of study include the arts, social sciences, physical sciences, humanities, and education. We also offer nearly 20 graduate programs.

Our students come from Pennsylvania, New York, New Jersey, from nearby states, from across the USA, and even from nations overseas.

We are an active cultural center. Every year we sponsor abundant opportunities to enjoy art exhibits, films, speakers, and performances of drama, dance, and music. And our extensive athletic facilities provide a home for a variety of intercollegiate and intramural sports.

We are also the home of an expanding division of continuing education. This service offers short courses, seminars, and workshops at the College and at sites throughout the region.

Our campus enjoys the best features of its rural surroundings. Situated on a hill, we have panoramic views of the Tioga River Valley with its woods and rolling hills. We are only a short walk from the center of Mansfield, a small town with tree-shaded streets, clean air, and an unhurried pace of life.

There are more than 30 buildings on the College's 175-acre campus. They include a planetarium, three auditoriums, an extensive library, a computer center, and five modern residence halls.

We realize that our students possess a broad variety of learning styles and that they come from a wide range of social backgrounds, so we have student service programs designed to help each student perform up to his or her potential.

We have an honors program for those who want to benefit from an enhanced academic experience. We also have academic support services that provide tutorial assistance, instruction in study skills, and other kinds of advisement available to all our students.

We continue to grow and change, because we understand the changing needs of our students. We frequently create new courses, new programs, and new emphases; we make improvements in our current courses and programs; and we continuously work to improve the operations of the College, to increase their effectiveness.

Since we first opened our doors in 1857, many men and women have contributed to the growth of the College. During all those years, our mission has been the same: to provide the best possible education — one that will lead to a rewarding career and a fulfilling life for every one of our students.

What kind of college is MSC? We are *your* college.

RESIDENCE LIFE

RESIDENCE HALLS

Education, in its broadest sense, is a product not just of classroom learning, but also of knowledge gained from sharing ideas and experiences with others in the informal situations which residence halls provide. The Residence Life staff at Mansfield State College works with the residence hall councils of each building, student staff members (Resident Assistants) and interested faculty members in an effort to provide a positive environment which will help supplement and expand the education of each student.

The College, recognizing the value in diversity, is interested in having students representing all creeds, races and ethnic groups living in College residence halls. Therefore, and in compliance with the Pennsylvania Fair Education Practice Act, all residence hall assignments are made without regard to race, religion, color or national origin. Having accepted the Pennsylvania Fair Education Act, we feel that a cross-section of cultures provides a cosmopolitan community. The College also complies with all applicable Federal Civil Rights Laws.

RESIDENCE REQUIREMENTS

1. All students are required by the College to reside in residence halls when there is space available.
2. Exceptions to the above may be made on the basis of age, place of permanent residence, or marital status.
3. Each student prior to occupying a room, must sign a housing agreement provided by the College and pay all designated fees and deposits.
4. Board in the College dining hall is mandatory for students residing in residence halls. Waivers for medical reasons may be requested through the Director of Student Services.
5. All students residing in a residence hall are required to abide by regulations as prescribed by the College and/or residence hall council.

7. Checking into a College residence hall implies acceptance of the terms of the **Residence Hall Agreement**.

RESIDENCE HALL STAFF

Assistant Directors of Residence Life (ADRL's)

These are full-time professional employees of the College who live in the residence halls and who are responsible for coordinating all educational and managerial aspects of a residence hall. In general, they work with the students, RA's, Hall Councils and the Residence Life Office to provide an environment within which each student can cope with social change, resolve conflicts with others, and develop to his/her fullest potential.

Resident Assistants (RA's)

Upper-class students employed by the Residence Life Office who live in the residence halls and whose purpose is to provide information and basic counseling to students, to help build and maintain a sense of community and mutual responsibility in the halls.

RESIDENCE HALL GOVERNMENT

Central to the enhancement of learning in the halls is the residence hall government system. Each hall elects its own council which provides, with the help of its advisor, educational and social programs for the residents of the hall. The All Residence Hall Council, which consists of representatives from each individual hall council, provides programs and recreation equipment for all resident students, as well as programming ideas and financial support for hall councils.

RESIDENCE HALL FACILITIES

Care of Facilities

Each resident assumes responsibility for the proper maintenance of his/her room and the common areas of the residence hall. Students are expected to maintain reasonable levels of cleanliness in these areas.

Cleaning supplies are provided in each hall for students' needs. In addition, vacuum cleaners are also available.

An area is provided in each hall for operations involving use of paints or other substances which may cause damage of a permanent nature. Please use this facility when working on projects that require working with such materials.

To avoid damage to student rooms, the use of tacks, nails, glue or tape on walls, woodwork or furniture is prohibited.

A Room Condition Form is completed by each student upon occupancy. Damages to individual rooms that were not noted at the time of occupancy are assumed to have been caused by the room occupants and will be charged accordingly.

Information relative to replacement and collection of keys may be obtained from your residence hall staff. The replacement fee for lost keys is \$5.00/key.

Laundry

Complete laundry facilities are found in all residence halls and include coin-operated washers and dryers and tubs for hand laundry.

Ironing boards are provided in each building, but each student is responsible to provide his/her own iron.

All residence hall rooms are provided with individual room phones. Long distance service for these phones is available as an option. In addition, halls have pay phones in their lobbies.

Linen

Students are responsible for supplying their own bed linen, towels, blankets and pillows.

Lounges and Recreation Areas

Lounge and recreation areas are provided for the residents of each hall. Guests of specific residents may use these facilities if accompanied by a resident. It is expected that residents and their guests will use good judgment while using the facilities of these areas. The rights of the residents to relative quiet should be respected by those using pianos, record players, T.V., etc. in the lounge areas.

Lounge areas are administered by the individual hall council; policy as to use of lounges by campus groups is developed by them yearly, and events are scheduled by the Building Director of each hall.

Vending Service

**STUDENT
SERVICES**

COUNSELING, CAREER DEVELOPMENT, AND PLACEMENT

The combined functions of the Counseling, Career Development, and Placement Services are designed to meet a variety of needs that students have. All are related to the immediate concerns of adjustment to college living and effectively progressing toward successful attainment of academic goals. The office operates within the philosophy that "anything interfering with your ability to function in your chosen role as a student" is important enough for you to pursue with a competent professional staff member.

COUNSELING

Personal problems often present a temporary roadblock to adjustment to college or effective academic pursuits. Typical problems might include the improvement of personal relationships, feelings of anxiety or depression, making career decisions, improving study habits, or the changing of behaviors that are unproductive. With a professional counselor, the student may explore freely and entirely **IN CONFIDENCE** any problems or feelings important to him/her to acquire increased understanding of self and others, and to grow in the direction of personal choice. Problems can be big or small but they are never insignificant to the individual having them. If you need to grow or make changes in any way, you are encouraged to make use of this free service.

CAREER DEVELOPMENT

Much of what you do in college hinges on decisions made about your future career goals. It becomes important, therefore, for you to define these goals and how to most effectively attain them. Steps in this process might include: (1) analyzing and knowing your aptitudes and interests; (2) obtaining information concerning appropriate occupations; (3) investigating specific job opportunities; (4) preparing to present yourself in an effective manner as a job candidate; (5) evaluating job offers; and (6) choosing the most advantageous opportunity according to your particular needs. The placement function also establishes and maintains contact with potential employers and, when appropriate, sets up on-campus interviews for your benefit.

PLACEMENT

The Placement function provides:

1. the development and maintenance of your professional credentials file.
2. the posting and mailing to candidates of job vacancies.
3. certification and examination requirements for professional positions.
4. a Career Library whereby you may examine information pertaining to careers in business, industry, or educational settings as well as information on how and where to apply.
5. graduate school information regarding programs and admission requirements for those desiring study toward an advanced degree.
6. seminars on credential packets, letter and resume writing, interviewing techniques, careers for women, and general techniques on how to be a successful candidate.

TESTING

As a student, there is often a need for you to have the availability of taking standardized tests. Going on to graduate school requires that you submit scores from the Graduate Record Examination and/or the Miller Analogies Test. Many school districts require submission of scores from the National Teacher Examination if you are to be considered for a teaching position. Academic subject exams through the College Level Examination Program, a way to gain college credit without taking the class, are yet another possibility. Also available are interest tests for careers, diagnostic tests, and personality assessment, all designed to further your knowledge of self. The office serves as a testing center for all standardized testing on campus. You are urged to be alert for the posting, announcing, and/or advertising of national test dates and their registration deadlines. Any additional test needs may be arranged by contacting the center at your convenience.

A dedicated and concerned staff is interested in meeting your needs regardless of their nature. You are strongly urged to make use of the many opportunities available to serve you.

The Center is located in the Richards House immediately across from the infirmary. You may stop in to make an appointment or call ext. 4064, 4065, 4133, or 4339. You are often able to see one of the professional staff immediately. Hours are from 8:00 A.M. to 4:15 P.M. Monday through Friday and by appointment at other times when necessary.

DOANE HEALTH CENTER

The College health service operates in a modern, fully equipped facility which provides every convenience necessary for the health needs of students. The health care is rendered by physicians and full-time nurses.

The services of the health center are extended to all students of Mansfield State College. These services include a preventative and therapeutic health program. Tuberculin testing is administered to all students prior to participation in public school, to all seniors to meet the requirements of graduation and to all personnel working with the food services associated with the College. Allergy vaccine or other medicine is administered to students when it has been prescribed by their physician.

Members of the health staff try to furnish a thorough but friendly and individual service which any student can avail himself of with assurance of complete confidentiality. Our aim is to educate students in all aspects of healthful living and promote good health habits for future life.

The health center is open from 8 AM to 12 Midnight, Mon. thru Fri. Students needing further care can be evaluated here and referred on to specialists at nearby hospitals.

STUDENT HEALTH INSURANCE PLAN

Mansfield State College offers its full-time students, through Higham, Neilson, Whitridge & Reid, Inc., a comprehensive hospital, surgical, and medical insurance program which provides twelve-month protection against the cost of injury or illness. This policy covers the student not only while at school, but during school holidays, summer vacations and other times when the student is away from the college.

Full-time students will be covered under the plan effective September 1 through the next August 31, provided they register, and pay the insurance fee appearing in the student bill by registration date.

Students who do not register until the start of the second semester will be covered when the second semester begins through August 31 provided they register and pay the insurance fee appearing in the student bill by registration date.

Coverage includes such areas as hospital bills, surgical benefits, diagnostic X-ray and laboratory examinations, and numerous other areas. For complete information ask for a brochure from the Office of the Vice President for Educational Services.

FINANCIAL AID

The Office of Student Financial Aid exists to provide information and money to students. It attempts to inform the student population of application procedures and deadlines, of the types of aid available, the eligibility requirements and other pertinent data.

As a state college, Mansfield's tuition costs are substantially lower than those of private colleges; the public subsidy is reflected in the fees to all students. While remaining committed to offering financial aid to able students who can show evidence of financial need, Mansfield State College must, however, recognize that the basic financial responsibility of acquiring a higher education continues to be the obligation of the student and his family.

Matriculation at Mansfield State College is by semester; the College expects each entering student to be able to meet the expenses of the upcoming term without assistance unless such aid has been previously arranged and confirmed.

The following points are emphasized:

- (1) A new student (prospective Freshman or Transfer) should not file application for aid before his admission has been confirmed by the Director of Admissions and the Advance Registration Deposit has been paid to the College and acknowledged. Inquiries should then be made to the Office of Student Financial Aid, Mansfield State College. The Financial Aid Bulletin is available from the Admissions or Student Financial Aid Offices.
- (2) All students requesting financial aid must file the combined PHEAA/BEOG application for the appropriate academic year and name Mansfield State College on the application as a recipient. The Mansfield State College institutional (pink) application must also be filed. Promptness in application is an important factor in obtaining aid. Both forms may be obtained from the Financial Aid Office, Mansfield State College; the PHEAA/BEOG normally is available from High School Guidance Offices in the Commonwealth of Pennsylvania. The Financial Aid Bulletin, also available at the Financial Aid Office, describes in detail all programs, application procedures and deadline dates. The Financial Aid Office, 107 South Hall, is open from 8:00 to 4:15, Monday thru Friday. Telephone number is 717-662-4129.

PART-TIME CAMPUS EMPLOYMENT

Part-time student employment at the College is available in the dining hall, library, dormitories, grounds and buildings, College union facilities, and offices. Requests for student employment are made after formal acceptance. Applications are available from and submitted to the Office of Student Financial Aid. Students must have a current PHEAA/BEOG application on file to establish eligibility. For details see the Office of Student Financial Aid.

GRANTS

PHEAA GRANTS. The Commonwealth of Pennsylvania, through the Pennsylvania Higher Education Assistance Agency, has developed an extensive scholarship program based on computed financial need. Further information and applications may be obtained from the Office of Student Financial Aid.

BASIC OPPORTUNITY GRANT (BOG). Awardable for the first time to entering freshmen in September 1973, the federally funded Basic Opportunity Grant established an entitlement to aid based on need. Students apply independently each year on forms which may be obtained through the Office of Student Financial Aid or High School Guidance Offices.

SUPPLEMENTARY EDUCATIONAL OPPORTUNITY GRANT (SEOG). A successor to the Federal Education Opportunity Grants (EOG) and designed to aid students of exceptional need. Students must file a pink application and current PHEAA/BEOG application. For details, inquire at the Office of Student Financial Aid, Room 107, South Hall.

The Computer Educational Center provides centralized computing services for the instructional, research and administrative computing needs of Mansfield State College. The computer facility is open for use to all students; see the Information section below for where to acquire your computer ID. In addition to the maintenance and operation of the central computer equipment, the Center offers professional services in facilitating the use of computers in the academic community. These services include consulting for students, faculty and staff; systems design and programming for college-wide projects; non-credit seminars on the use of computers; a library of computer programs and reference materials; and tours and talks for classes.

LOCATION AND EQUIPMENT

There are two facilities managed by the Computer Educational Center on campus — the Central Computer Facility and the Educational Resource Center; both are described below.

THE CENTRAL COMPUTER FACILITY

Remote Job Entry Station (RJE)

RJE (Remote Job Entry) — consists of a medium-speed line printer and card reader for processing batch jobs. Computer programs on punched cards can be input to the computer, and high speed printed output can be obtained from the computer by using this equipment.

The Remote Job Entry Equipment is located in Room 114, North Hall, and is controlled by student assistants. It is open for students, faculty and staff use from Monday through Thursday from 8:00 A.M. to 9:00 P.M.; Fridays, weekends, holidays, and summer hours are more restrictive. Actual schedules are posted at the Resource Center and in the reception area of the Central Facility Room, 125 Alumni Hall.

General Philosophy

The Remote Job Entry Station (RJE), keypunches, consultants, and work area are intended for use during published Center open hours. The facility is designed to handle small jobs on a demand basis, with overload emergencies and large jobs handled through other Center policies.

Jobs may be submitted through the facility by two methods. First, the user may operate the equipment, or secondly, cards may be left in input trays, run by an operator, and output placed in mail boxes. Input for large jobs will also be left in input trays and the processing controlled by the operator.

INFORMATION

For more information on what is available, or who to contact, pick up a leaflet from the bulletin board in the south hallway of the first floor of North Hall. A Users Guide to the Center is also available. A reference copy can be obtained from a consultant in Room 114 or a copy can be purchased from the bookstore.

If all else fails, call the Assistant Director, Instructional and Research Services, at 4497.

COMMUNITY RELATIONS AND INFORMATION SERVICES

The Office of Community Relations and Information Services (CRIS) has several roles. It is a news agency for the College and it is a publications office. In its capacity as a news agency, the office develops news stories about College events, people at the College, intercollegiate sports — almost anything newsworthy at MSC. The office sends these stories to newspapers, television stations, and radio stations throughout Pennsylvania and also in other states. In its capacity as a publications office, CRIS supervises the development and printing of College publications which are distributed off campus. The office supplies graphic arts, photographic, writing, and editing services. The office also develops advertisements, advertising campaigns, and public service announcements for Mansfield State College.

MANSFIELD UNITED CAMPUS MINISTRY

The Mansfield United Campus Ministry represents, through its ecumenical presence, the Church on campus and the Christian concern for the spiritual dimension in the development of the whole person. Through word, witness and worship it fosters among students and faculty a ministry of service rooted in faith, hope and love. The service takes the form of a variety of programs designed to meet not only the needs of the college community but also the needs of the community at large, such as ministry to the aged and orphans, workshops and seminars on contemporary religious issues, prayer and Bible study groups, folk liturgies and experimental worship.

Two full-time campus ministers are engaged in the program: Sister Margot Worfolk, who is serving under the appointment of the Roman Catholic Diocese of Scranton, and a staff person who represents the Associated Protestant Congregations.

The Campus Interfaith Center is located at 21 N. Academy St. It is opened to students of all denominations for informal gatherings, worship and programming.

Further information about programs and personal involvement can be obtained through the Campus Ministry Office, 210 South Hall (phone 662-4431) or the Campus Interfaith Center (662-7372).

STUDENT ACTIVITIES

**Clubs &
Organizations**

STUDENT ACTIVITIES OFFICE

The Student Activities Program at Mansfield is organized by students to provide their fellow students with those types of organizations and activities that meet the demands and needs of the student presently on campus. These extra-curricular opportunities are provided year round and are partially supported by the students through the activity fee and an occasional admission charge. The entire program, whatever the time of year, is designed to expand the possible learning environment for each participating student.

The Union (Memorial Hall) is the Community Center of the College Campus, offering amusements and programming for the students and their guests.

All of the organizations and activities currently active on campus have been listed on the following pages.

POLICIES AND RULES GOVERNING CLUBS & ORGANIZATIONS

RULES GOVERNING OFFICE HOLDING

Scholastic requirement for seniors, juniors, sophomores and second semester freshmen is an average of C, or 2.0 at the time of the elections. Requirement for first semester freshmen is to have a ranking in the upper half of the high school class.

Student organizations are active only during the academic college year, September through May.

The College will not assume any responsibility for the collection of any financial account of any member of campus organizations not subsidized by the Student Government Association.

HAZING AND INITIATION ACTIVITIES

The College believes that true fraternalism is nurtured in an atmosphere of social and moral responsibility, respect for duly constituted authority, and loyalty to the principles of higher education.

We further believe that while social behavior cannot be legislated, a fraternity without morally sound precepts and practices is not a constructive influence upon college students.

We further believe that a fraternity has a solemn obligation in the development of its pledges and members and that this responsibility extends alike to the institutions where it is represented; to parents and others who make possible the education of pledges and members; to the communities where chapters are accountable for good citizenship; and to the college fraternity system of which it is a part.

We further believe, despite the fact that much progress has been made, that one of the most damaging instruments to the fraternity system is the employment of a program of education, which includes hazing, and that this unproductive, ridiculous and hazardous custom has no rightful place in the fraternity system.

The College defines hazing as any action taken or situation created, intentionally, whether on or off fraternity premises, to produce mental or physical discomfort, embarrassment, harassment or ridicule. Such activities and situations include paddling in any form; creation of excessive fatigue; physical and psychological shocks; quests, treasure hunts, scavenger hunts, road trips or any other such activities carried on outside the confines of the house; engaging in public stunts and buffoonery; morally degrading or humiliating games and activities; late work sessions which interfere with scholastic activities; and any other activities which are not consistent with fraternal law, ritual or policy or the regulations and policies of the educational institution.

REGISTERING AN EVENT

All events which are open to the entire campus must be registered and cleared on the Activities Calendar before the 22nd of the month prior to the event. Calendar Registration Forms may be picked up in Room 215, Memorial Hall. Campus registration of major events is also essential. A Special Events Form must be filled out for these major events at least two weeks prior to the event. These forms can be picked up in the Vice President for Educational Services' office in 109 Alumni Hall.

FACILITIES SCHEDULING

College classrooms, auditoriums and gymnasiums are available for use by student organizations. Information and appropriate forms for reserving facilities and scheduling events can be obtained from the Vice President for Educational Services' Office in Alumni Hall.

The rooms are available at no charge unless it is an event which incurs a small janitorial or security service charge. Use of facilities by off-campus groups may require a rental charge.

RECOGNITION OF STUDENT ORGANIZATIONS

An organization that receives college recognition is authorized to use the name of the college, to utilize college physical facilities, to utilize the services of Mansfield State College and to recruit and accept members from the college community. Organizations who receive college recognition, may then petition the Student Government Association for recognition by that body. Applications for recognition are available in the Office of the Vice President for Educational Services, 109 Alumni.

GOVERNANCE & JUDICIAL SYSTEM

Rules & Regulations

JUDICIAL SYSTEM

Preface

The College's educational purposes make necessary its concern with the quality of its members' academic and extracurricular life. Even a narrow view of education must concede that a person's activities outside the classroom directly affect his/her academic capacities and learning, and that the intellectual tone of a campus is set by the character of extracurricular life. If one views education more broadly, then it must involve the goal of developing the whole person and not just his intellect and training skills. The College thus pursues two broad aims for its members: sound intellectual and academic training and the development of mature, ethical and responsible persons sensitive to the humanities of others.

The College can best implement its proper concern for the development of the whole person by adherence to the principle of responsible personal freedom: each member should have a high degree of personal freedom, coupled with an acceptance of full responsibility for his/her individual actions and their consequences. It is the College's conviction that self-development proceeds from the ability to make real choices, and that maturity grows from the intelligent use of freedom. The purpose of a Disciplinary System in the College is to determine when an individual has abused freedom and failed to accept responsibility; to communicate this failure to the person involved and permit him to explain his actions; to determine an appropriate modification or loss of privilege, if any; and to assist the person in making a constructive response toward self-discipline.

JUDICIAL STRUCTURE

The following system of hearing boards is instituted to deal with the stated proscriptions which adversely affect the College's educational interests.

Administrative Hearing

Upon receipt of a complaint, the Vice President for Student Affairs or his designee will meet with those involved in the complaint. The Vice President or his designee shall offer those involved the option of a hearing before a hearing board or an administrative official(s) designated by the Vice President for Student Affairs. The hearing shall consist of a meeting of the administrative official(s) and those involved in the complaint. Following a complete discussion of the incident, the administrator(s) will reach a decision and, if appropriate, impose a sanction. Both parties must agree to the option of an Administrative Hearing. The decision of the hearing may be appealed to the College Appeals Board.

The College Hearing Board

The College Hearing Board shall be the board of original jurisdiction for all cases that involve violations of College Policy, excluding traffic violations. The Board shall consist of 15 members: 5 students, 5 teaching faculty, 5 administrators. In addition one student, one teaching faculty and one administrator shall be appointed as alternates to the Board. Nine members, three from each group, shall be randomly selected for the hearing of each case. Alternates shall be called only when three regular members of each group are not available for a hearing.

The College Appeals Board

The College Appeals Board shall be established to consider appeals of College Hearing Board decisions. The Board shall consist of 15 members: 5 students, 5 teaching faculty, and 5 administrators. Nine members, three from each group, shall be selected at random for each appellant case.

Judicial System Advisor

The Vice President for Student Affairs shall designate an individual to serve as advisor to both the Hearing and Appeals Boards. It shall be the responsibility of the advisor to chair hearings and to preside at and expedite deliberations of both Boards. The advisor shall not vote nor attempt to influence the decisions of the Boards.

College Organizations

If a College Organization is charged with a violation of College Policy, such charges shall be brought against the appropriate officer of that organization who shall be named as a representative of that organization. If the situation warrants, other members of that organization shall be charged as additional representatives of that organization.

Following the identification of the representatives of the organization in question, the procedures contained in the campus Judicial Code shall be employed.

Selection of Hearing Board Members

Student members of both hearing boards (ten members, five for each board and one alternate for the College Hearing Board) shall be appointed by Student Senate.

Faculty members (ten, five for each board and one alternate for the College Hearing Board) shall be appointed by the Faculty Council Executive Board.

Administrators (ten, five for each board and one alternate for the College Hearing Board) shall be appointed by the Vice President for Educational Services.

Appointment of Board Members shall occur annually; consecutive terms are permissible.

Appointment of Hearing Board Members

Appointments to Hearing Boards shall be made at the beginning of the academic year for the period of September to June. Appointments for Summer sessions shall be made prior to the termination of the Spring semester.

Soon after their selection, the members of each Hearing Board shall hold an organization/orientation meeting. The meeting shall be called by the Vice President for Educational Services or his designee.

STUDENT CONDUCT

Rationale for Discipline

The rights and privileges exercised by any person are always a function of his/her relationship with others. Taken as a whole, his/her area of freedom is derived from the surrounding community, which holds him/her responsible, formally and informally, for the manner in which that freedom is exercised.

Freedom constructively used is expanded, while freedom used destructively is diminished. Restriction of privilege inevitably follows misconduct because of the interdependence between individual and community. Discipline is the process of determining restrictions appropriate to a particular form of abuse. Discipline is fundamental to education, a major purpose of which is to assist people in making the wisest possible use of freedom and thereby acquire more.

College discipline shall be limited to instances of misconduct which adversely affect the College community's pursuit of its educational purposes, namely (1) the opportunity of all members of the College community to attain their educational goals, (2) the generation and maintenance of an intellectual and educational atmosphere throughout the College community, (3) the protection of health, safety, welfare and property of the College community and the College itself.

Persons engaged in misconduct will be judged by their actions and motives as interpreted by persons or committees with disciplinary authority, rather than by their own interpretation of intent.

The College shall make its sanctioning powers serve its educational goals, rather than promote general police functions well represented in general law.

In situations in which a violation of civil or criminal law has occurred on campus, College authorities may choose to refer the case to an off-campus law enforcement agency and subsequently to the courts. At the conclusion of the off-campus process, the College may elect to initiate appropriate proceedings within the Campus Judicial System.

Specific proscriptions, or conduct which adversely affects distinct College interests or educational purposes are the following:

1. Dishonesty, such as cheating, plagiarism, or knowingly furnishing false information to the College.
2. Forgery, alteration, or use of College documents, records, or instruments of identification with intent to defraud.
3. Intentional obstruction or disruption of teaching, research, administration, disciplinary proceedings or other College activities, including public functions and other authorized activities on College premises.
4. Verbal or physical abuse of any person on College premises or at College-sponsored or College-supervised functions, or conduct which threatens or endangers the health or safety of any such person.
5. Theft from, damage to or possession of property under the jurisdiction of the College or theft, damage to or possession of the property of a member of the College Community on College premises.
6. Failure to comply with the directions of College officials acting in performance of their prescribed duty.
7. Violation of published College Regulations and any other regulations which may from time to time be enacted.
8. Repeated violation of published rules governing College Residence Halls.
9. Violation of Civil Law on property under the jurisdiction of the College in a way that adversely affects the College community's pursuit of its proper educational purposes, as enumerated above.

Sanctions Defined

A preliminary observation should be made. Even where violation of a College Regulation is established, sanctions need not in every case be imposed. Matters of extenuation should always be taken into account, along with circumstances, in determining sanctions. No sanctions should be imposed more serious than are clearly appropriate in the circumstances.

Hearing Board Sanctions

1. **Admonition.** An oral statement to the student offender that he/she has violated College Rules.
2. **Censure.** Written reprimand for violation of specified regulation.
3. **Compensation** in the form of work or other duties as outlined in the description of sanction presented to the student.
4. **Restitution.** Reimbursement for damage to or misappropriation of property. Reimbursement may take the form of appropriate service to repair or otherwise compensate for damages.

The charges shall be filed with the Office of the Vice President for Educational Services who shall recommend that the charges be disposed of informally, referred to the appropriate union agency, referred to civil authorities, or disciplinary proceedings be initiated. If all parties involved are not satisfied with informal resolution, the Office of the Vice President for Educational Services shall send to the person(s) charged a copy of the charge together with notice of applicable procedures that the person should be aware of. A copy of the charges shall be sent to the Chairperson of the College Hearing Board. The Chairperson of the Hearing Board will set the time for the proceedings.

Pending action on the charges, the status of the person or his/her right to be present on the campus and to attend classes shall not be altered. Exceptionally, for reasons relating only to the demonstrated danger to the safety and well-being of the charged person, or for reasons relating only to the demonstrated danger to the safety and well-being of students, faculty, or college property, the charged person may be advised by the Vice President for Educational Services, pending consideration of the case, that his/her removal from campus would be in his/her own best interest or the best interest of the College community. Such advice shall be made before witnesses.

Appeals

A person found guilty of misconduct by the College Hearing Board may file an appeal from the decision of the Hearing Board within forty-eight (48) hours, after receiving that decision (weekends and college holidays not included) to the Office of the Vice President for Educational Services.

SNOW REMOVAL

Definition and Purpose

It is the intention of this procedure to identify the steps necessary to remove all vehicles from key streets and parking areas on campus so as to permit Buildings and Grounds to clear snow from the areas.

Scope

This procedure concerns all personnel with vehicles on campus.

RESPONSIBILITY.

1. Security will be responsible for all notices to dorms and office buildings as to snow removal and/or plowing.
2. Security to control and remove all cars that are hindering the snow removal process.
3. Maintenance insures that the East Parking Lot is plowed so as to have a place to park cars.

PROCEDURE.

1. Security Office shall make it known to all persons parking cars on campus either by posted notices on bulletin boards, radio, loud speakers in dormitories or a combination of these, where parking lots or streets shall be vacated for snow removal purposes. After snow has been removed in any given area, Security shall advise all persons by the same means as to the re-opening of street or parking lot parking.
2. Upon proper notice, if vehicles are not removed by the owners, Security shall have the vehicles removed by tow truck at the owner's expense. Security officers shall make every effort to contact owners of cars, but in the event the owners cannot be found, towing will be done as a last resort.
3. In the event of a heavy snow warning being predicted for the area, students that have cars parked along either side of Clinton Street from College Place to First Street, in service parking areas surrounding and adjacent to dormitories in the parking lots in back of the Infirmary and in back of the Tennis Courts on the South end of the Campus, will make an immediate attempt to transfer their vehicles to the East Parking Lot of the Campus prior to the snow fall, or, if possible, at the very early stages of the snowfall. The students shall continue using the East Parking Lot area until word is received from Security that the snow emergency has passed.

ACADEMIC POLICIES

ALUMNI

SCHOLASTIC STANDARDS AND REQUIREMENTS

ACADEMIC COUNSEL

Students are urged to make the fullest possible use of the academic counseling available to them through their respective advisors, departmental chairpersons, instructors and deans. Faculty are expected to post and keep regular office hours for this purpose.

The student should make a choice of major only after considerable thought and deliberation. Current information regarding the various fields of study offered at Mansfield State College may be obtained from the Department Chairperson, Academic Dean, and the Placement Office.

CLASS STANDING

Class standing is determined by the total number of semester hours earned including acceptable credits transferred from other accredited colleges.

Freshman	0-31 semester hours of earned credit
Sophomore	32-63 semester hours of earned credit
Junior	64-95 semester hours of earned credit
Senior	96 semester hours or more of earned credit

Before the end of the sophomore year, students are to select a major field of study. To select a major (if initially "undecided") or to change a major, a student must process a Change of Curriculum Form, which may be obtained from the student's Dean.

SEMESTER

To be considered a full-time student a minimum of 12 semester hours of work must be carried. 12 to 18 semester hours constitutes normal student class schedule. A student desiring to carry more than 18 semester hours must obtain permission from his/her department chairperson (for credits beyond 18 there is a per credit hour fee) and meet the following:

Credits	Quality Point Average
19	2.60 or above
20	3.00 or above
	(Exceptions must be approved by the office of Academic Affairs)

MARKING AND POINT SYSTEM

Mansfield State College employs the 4-point system in evaluating academic performance:

GRADE	INTERPRETATION	QUALITY POINTS
A	Excellent	4
B	Above Average	3
C	Good College Work	2
D	Passing	1
F	Failure	0
I	Incomplete	0
P	PASSING	0
F	Failing	0
WP	Withdrawal Passing	0
WF	Withdrawal Failing	0

Instructors may correlate percentage scores with letter grades. For such correlations the following list of equivalents is presented:

90 — 100 = A

80 — 89 = B

70 — 79 = C

60 — 69 = D

0 — 59 = F

The quality point average (Q.P.A.) is determined by dividing the total number of quality points earned by the total number of semester hours of work attempted, excluding semester hours earned on the Pass-Fail basis. It should be noted that semester hours and credit hours are one and the same. The Q.P.A. is the index by which a student's academic standing is judged.

An "F" grade in a required course must be cleared by repeating the course. If a student who entered Mansfield State College in June, 1975 or later repeats a course which cannot be repeated for credit, all grades received shall be included on the transcript, but only the last grade received shall be used to compute the student's Q.P.A.

An "I" (incomplete) grade is used to denote unfinished work because of a death in the family, illness, accident or other serious mitigating circumstances. "I" grades are given by the professor of the course in consultation with the Academic Affairs Office. The student is responsible for the removal of an "I" grade before the end of the third week for the next semester, excluding summer school. If the "I" grade is not cleared in that period, the Records Office shall record a final grade of "F".

In addition to letter grades, the following designations (none of which is figured in the Q.P.A.) are used in situations warranting them:

- S — Satisfactory
- U — Unsatisfactory
- EX — Credit by examination
- W — Withdrawal from the course after the drop-add period with the approval of the instructor and the Office of Academic Affairs.
- AU — Audited
- P — Pass on P/F basis
- F — Fail on P/F basis

WITHDRAWAL FROM OR ADDITION OF A COURSE

A student must add a course during the first two weeks of the semester.

During the first nine weeks of the semester or the equivalent period in summer school, a student may withdraw from a course by submitting the completed "drop form" to the Registrar. No record will be made of the action.

From the end of the ninth week to the end of the semester, withdrawal from a course will be authorized only for extenuating circumstances which must be approved by the student's Department Chairperson, the Instructor and the Registrar. A statement in writing from the student's medical doctor, counselor, or close family must be approved before a student is permitted to complete withdrawal procedures.

If the withdrawal is authorized, a "WP" or "WF," based upon achievement at that point, will be recorded on the transcript without being computed in the Q.P.A. A student will receive an "F" in any course from which he/she withdraws without approval.

PASS-FAIL POLICY

1. Eight courses may be taken under the pass/fail option over the total four years. A student may take no more than one course for pass/fail each semester.
2. No 100 or 200 level courses taken in fulfillment of Core or General Education requirements may be taken pass/fail.
3. Any 100 or 200 level course may be taken for pass/fail but they will be counted as free electives only.
4. Courses required by the major department may only be included in the pass/fail option at the discretion of the department.
5. Pass grades will be "D" or better and three failures under the option will constitute loss of the option. Pass/fail courses are not reflected in the quality point average of the student, but will be counted as credits earned if a passing grade is received. The

student has a two week period at the beginning of the semester to elect to take a course pass/fail. He may not change his pass/fail option to a letter grade or select the pass/fail option after the two-week add period has passed.

CHANGE OF MAJOR

Requests to change major may be initiated in the office of the Registrar.

PETITION

Whenever any rule or regulation of the College causes an unfair hardship, the student is entitled to petition for an exception by filling out a petition form obtainable from his/her appropriate Dean. Advisors will be glad to assist in the preparation of a petition. Completed forms should have the necessary signatures prior to submission to the Office for Academic Affairs.

ACADEMIC DISMISSAL POLICY

Students attending Mansfield State College are permitted continued matriculation governed by credits attempted with the corresponding minimum quality point average (Q.P.A.) as required by the outline below.

The grade report issued to students at the end of every marking period serves as the means by which each student is informed of his/her academic standing. Should a student's grade point average be below a cumulative 2.0 he/she will receive a letter of warning from the Academic Affairs Office. The following schedule shall be the minimum requirement for continuation and satisfactory standing at Mansfield State College.

0 — 18 S.H. attempted	1.00 Q.P.A. or better
19 — 37 S.H. attempted	1.60 Q.P.A. or better
38 — 56 S.H. attempted	1.80 Q.P.A. or better
57 — or more S.H. attempted	2.00 Q.P.A. or better

Any student whose quality point average is below the standard set forth above at the end of the fall or spring semester, will be dismissed from the college.

Transfer students are not subject to academic dismissal until they have completed two semesters at Mansfield State College unless their Q.P.A. at the end of the first semester is less than 1.00. Thereafter transfer students are subject to the same academic standards. For example, a student who is granted eighteen (18) semester hours of credit in transfer and who has accumulated thirty (30) semester hours of credit during the two semesters at Mansfield will have attempted a total of forty-eight (48) semester hours at the end of the second semester and must earn a Q.P.A. of at least 1.80 to continue.

Readmitted students are subject to the same academic standards.

A one year interval must elapse before a student who has been dismissed for academic deficiency may be readmitted to the College. Students twice dismissed for academic reasons, automatically terminate their association with Mansfield State College.

ACADEMIC STANDARDS REVIEW BOARD

Students who have not achieved the minimum required grade point average to permit them continued matriculation will be dismissed from the College. The academic standard to be followed in the case of each student will be that academic standard's policy which was in effect at the time of the student's initial matriculation or readmission.

Following dismissal notification a student, upon personal initiative, has recourse to the Academic Standard's Review Board if in his/her opinion there would be sufficient reason upon which to appeal the dismissal. Should the student desire a review of the case, he/she should state this to the administrative officer informing him/her of dismissal.

I. Composition of the Review Board:

- A. The Assistant Vice President for Academic Affairs serves as Chairperson of the Board.
- B. One faculty member from each school of the College plus one member-at-large shall serve as voting members of the Board for a term of one year.
- C. The Chairperson of the student's department shall have one vote.
- D. One faculty member of the student's choice shall have a vote.

II. Procedures:

- A. The Office of Academic Affairs shall establish the dates of the Review Board and notify the student of the designated time and place. The Chairperson of the Board will not have a vote unless there is a split decision.
- B. After having been notified of the time for the hearing the student is expected to address to the Chairperson of the Review Board a written appeal stating his/her case. This written appeal may be mailed to the Chairperson or brought in person by the student to the hearing. In no case, however, will the Board be obligated to decide an appeal if the student has failed to provide the Board with a written statement of the appeal.
- C. After receiving information with regard to the appointed time and place for the hearing, the student is expected to request his/her departmental chairperson and a faculty member of personal choice to appear before the Board at the appropriate time. The Board will not hear a student who does not have faculty representation.

- D. Before a student discusses the case with the Board, the student's written review will be read by the Board. The voting members of the A.S.R.B. will consider all necessary records of the student. The student also will be given the opportunity to speak to the A.S.R.B. (if he/she so desires).
- E. Following the presentation of the appeal, the five Board members for the case will vote by secret ballot (example: John Doe — granted or denied) and the student will be notified immediately of the Board's decision.
- F. Failure to appear on the part of the student constitutes waiver of the appeal. Should the student's chairperson or the faculty member of personal choice fail to appear, the remaining voting members will have the determining votes. A majority vote of the members will determine the decision on any specific case.
- G. If the student's appeal is denied, he/she may initiate an appeal to the President if he/she has new information to present.

WITHDRAWAL FROM THE COLLEGE

Students wishing to withdraw from the College must initiate the process in the Counseling, Career Planning & Placement Office, Richards House. After proper completion of all withdrawal papers the student is cleared for formal withdrawal.

The student's academic record is marked with the words "Withdrew (date) No Credit." No grades whatever are recorded. If a student withdraws at the end of the semester and wishes to receive credit and grades for the semester, the withdrawal form must be dated on the day following the last day of classes/final exams.

Withdrawal without proper notification and approval may prejudice the student's record and his/her chance for readmission. The College reserves the right to record "F" grades for courses not completed during the semester in which the student has improperly withdrawn.

ABSENCE POLICY

Regular and punctual class attendance is expected of all students.

Student evaluation expressed as grades will be determined on the basis of academic performance which may include classroom participation. Professors will outline their criteria for academic evaluation prior to the end of the first week of class.

Bona fide absences because of illness, serious mitigating circumstances, or absences because of official College representation approved by the Office of the Vice President for Educational Services shall be accepted by all faculty.

The student is responsible directly to his/her instructors for class and laboratory attendance; absences must be made up to the satisfaction of the instructor.

ACADEMIC INTEGRITY

Faculty members are expected to take reasonable precautions to reduce to a minimum opportunities for dishonesty in academic work. Faculty should instruct the students as to the meaning of plagiarism so as to aid in solving the plagiarism problem. Where possible, the faculty member is expected to assess offenses of academic dishonesty in the interests of acceptable high standards. This is a matter primarily between the student and instructor. Requests for special assistance may be made to the Office of Academic Affairs.

POLICY ON THE CONFIDENTIALITY OF STUDENT RECORDS MANSFIELD STATE COLLEGE

PREFATORY STATEMENT

Mansfield State College collects and maintains data and information about students for designated periods of time for the expressed purpose of facilitating their educational development. The College recognizes the privacy rights of individuals, as guaranteed by the Family Rights and Privacy Act of 1974 and the Pennsylvania Right-to-Know Law of 1957, yet attempts to balance those rights with the institution's need for information relevant to the fulfillment of its educational missions. The College further recognizes its obligations to inform the student of the existence and location of records as well as to define the purpose for which such information is obtained; to provide security for such material; to permit student access to, disclosure of, and challenge to this information as herein described; and to remove such information when its retention is no longer warranted.

STATEMENT OF POLICY REGARDING ACCESS TO EDUCATION RECORDS

No information from records, files and data directly related to a student shall be disclosed to individuals or agencies outside Mansfield State College without the express written consent of the student. The only exceptions to this policy of access involve response to lawful subpoena or court order and where the request is submitted by specifically designated educational and governmental officials as required by the Family Education Rights and Privacy Act of 1974 (Public Law 93-380 Education Amendments). Information contained in such records may be shared within the College. Records originating at another institution will be subject to these policies. There will be annual notification to students of the provisions of this policy.

DEFINITION OF EDUCATION RECORD AND STUDENT

Education records are defined as those files, documents and other materials which contain information directly related to a student and are maintained by Mansfield State College or by a party acting on behalf of Mansfield State College.

Material not included within the scope of the term education record and therefore not available for inspection by the student are:

Records of instructional, supervisory and administrative personnel and ancillary educational personnel which are in the sole possession of the maker thereof and are not accessible or revealed to any other individual except a substitute. A substitute refers to an individual who performs on a temporary basis the

duties of the individual who made the record and does not refer to an individual who may permanently succeed the maker of the record. Disciplinary records are covered by this provision with the exception that they may be personally reviewed by a lawyer or other appropriate professional of the student's choice.

Records relating to an individual's employment which are maintained in the normal course of business and which relate exclusively to his or her capacity as an employee.

Records of the Security Office which are maintained separately from other institutional records and solely for law enforcement purposes.

Records created or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in his or her professional capacity, or assisting in that capacity are not subject to the provisions of access, disclosure and challenge. Such records, however, must be created, maintained or used only in connection with the provision of treatment to the student and are not disclosed to anyone other than the individuals providing the treatment. The definition of treatment does not include remedial educational activities or activities which are part of a program of instruction. Such records may be personally reviewed by a physician or other appropriate professional of the student's choice.

For the purpose of this policy, a student is defined as an individual currently or previously enrolled in any academic offering of the College. This definition does not include prospective students.

COLLEGE OFFICERS RESPONSIBLE FOR STUDENT RECORDS

The following College Officers are designated as responsible for student records within their respective areas: Vice President for Academic Affairs, and the Vice President for Educational Services.

Each of these officers is responsible for making available a list of student records within his or her respective area of responsibility indicating the purpose, storage, security and disposition of each student record. The Vice President for Educational Services will be responsible for maintaining a college-wide listing of the records, files and data collected on individual students.

4. Disclosure to Federal and State Authorities

This policy will not preclude access to student records by authorized federal and state officials in connection with the audit and evaluation of federally supported education programs or in connection with the enforcement of federal and state legal re-

DISCLOSURE OF PUBLIC INFORMATION

The following information may be made available regarding students of the College without their prior consent and is considered part of the public record of their attendance:

1. Name
2. Address (local and permanent)
3. Telephone number
4. Date and place of birth
5. Major field of study
6. Participation in officially recognized activities and sports
7. Weight and height of members of athletic teams
8. Dates of attendance
9. Degrees and awards received
10. Most recent educational institution attended

A student wishing to prevent the public disclosure of the above information may request same by contacting the Office of the Vice President for Educational Services prior to the close of the first week of classes of any given academic semester. Such a request, however, must be to prevent the public disclosure of all of the above information, not one or more of the ten individual items.

DISCLOSURE OF EDUCATION RECORDS TO THE STUDENT

Students are accorded the right to inspect, in the presence of a College staff member, official college records, files, and data which refer directly to them. Where the records contain information relative to third persons, students will be informed by College officials of only that information which pertains specifically to them.

This right of inspection must be honored within a reasonable time, but in no case longer than forty-five (45) days, following submission to the appropriate official of a written request to inspect personal records. Students also have the right to receive an explanation of any information contained in files.

Students are entitled to challenge or add to the factual basis of any entry contained in the records for the purpose of correcting misleading inaccurate or inappropriate data contained therein. However, the substantive judgment of a faculty member about a student's work expressed in grades and/or evaluation is not within the purview of this right to challenge. Challenges should be submitted in writing to the appropriate College official in which area the questioned material is maintained.

The College officer receiving the challenge is authorized to rectify the entry and so notify the student without a hearing if such a course of action is warranted. The designated officer will evaluate the challenge to the questioned entry and will determine whether or not the material is inaccurate and/or misleading in a manner justifying its correction or removal from the records. The student's written statement of challenge regarding the content of the record will remain a part of that record regardless of the outcome of the challenge. An adverse decision may be appealed in writing by the student to the appropriate Vice President and, finally, to the President of the College.

A student may waive his/her right to access to confidential letters of recommendation which he/she seeks for admission to any educational agency or institution, for employment, or for application for an honor or honorary recognition. The student must be notified on request of all such individuals furnishing recommendation, and the letters must be solely for the stated purpose for which the student was notified and for which he/she waived right of access. Such waivers may not be required as a condition for admission to, receipt of financial aid form, or receipt of any other services or benefits from such agency or institution.

Each record-keeping unit of the College will establish procedures for accommodating requests for students' access to their records. An administrative charge not exceeding the actual cost to the College of providing access may be initiated in certain areas for access to record information. While public law does not require copy privilege, students may request same. The decision to provide copies of the requested documents rests with the responsible administrative officer. The fee for each copy will be in accord with the above statement on costs.

DISCLOSURE OF EDUCATION RECORDS TO THIRD PARTIES

Mansfield State College shall release education records or personal information only with the expressed written consent of the student. Disclosures will be made to a third party only on the condition that written consent is obtained from the student and only on condition that the third party will not permit additional access to the information by an additional person without further written consent of the student prior to such an individual transfer of information.

Exceptions to this are as follows:

1. Disclosure to Educational Officials
School officials within the Mansfield State College community who have a legitimate professional right-to-know may have access to student records.
2. Disclosure Pursuant to Judicial Order
Information concerning a student shall be released if properly subpoenaed pursuant to a judicial, legislative, or administrative proceeding. Effort will be made to give advance notice to the student of such an order before compliance by the College.
3. Disclosure Pursuant to Requests for Financial Aid
Necessary academic and/or financial student records may be disclosed without the student's prior consent in connection with the student's application for, or receipt of, financial aid.
4. Disclosure to Federal and State Authorities
This policy will not preclude access to student records by authorized federal and state officials in connection with the audit and evaluation of federally supported education programs or in connection with the enforcement of federal and state legal requirements which relate to such programs. Except when collection of personally identifiable data is specifically authorized by federal and state law, any data collected and reported with respect to an individual student will not include information (including Social Security number) which would permit the personal identification of such student.
5. Disclosure Under Emergency Conditions
On an emergency basis information about a student may be released by a designated officer of the College when that information is necessary to protect the health or safety of a student.

6. Disclosure to Education Agencies or Institutions
Information which will not permit the individual identification of students may be released to organizations of educational agencies or institutions for the purpose of developing, validating, and administering predictive tests and measurements. Similarly, information may be released to accrediting organizations in order to carry out their accrediting functions.
7. Disclosure to Parents of Dependent Students
Information concerning a student who is dependent (as defined in the Internal Revenue Code of 1954) may be released to that student's parents. The Internal Revenue Service defines a dependent student as one who attended an educational institution full-time for any five calendar months of a tax year and who was provided more than one-half of his/her support as claimed by the parents on their income tax statement. For purposes of this policy the assumption, unless individually certified to the contrary under the criteria above, will be that undergraduate students of the College are dependent students. Certification of independence may be affected through the Office of the Vice President for Educational Services.
